PROFESSIONAL MEMBERSHIP

American Veterinary Medical Association – since 2002

American College of Veterinary Radiology – since 2015

New York State Veterinary Medical Society – since 2016

LICENSURE

Colorado State Veterinary License

PUBLICATIONS (* indicates mentored author)

1. Epperly E, Hume KR, Moirano S, Stokol T, Intile J, Erb HN, Scrivani PV. Dogs with acute myeloid leukemia and lymphoid neoplasms (large cell lymphoma or acute lymphoblastic leukemia) may have indistinguishable mediastinal masses on radiographs. *Vet Radiol Ultrasound*. 2018;59:507-515.
2. Williamson B, Davies E, Epperly E, Roynard P, Scrivani PV. Signs consistent with syringobulbia may be detected in dogs undergoing MRI. *Vet Radiol Ultrasound*. 2019;60:390-399.
3. Townsend AM*, Valenzano DM, Epperly E. What Is Your Diagnosis? A non-aggressive bone lesion in a 9-year-old castrated, male Rottweiler. *JAVMA*. *Accepted for publication*.
4. Fefer G*, Campanale D, Epperly E. What is Your Diagnosis? Concurrent osteosarcoma and multiple myeloma in a 9-year-old Golden Retriever. *JAVMA*. *Accepted for publication*.

ABSTRACTS and SCIENTIFIC PRESENTATIONS

1. Epperly E, Hume KR, Moirano S, Stokol T, Intile J, Erb HN, Scrivani PV. Acute myeloid leukemia and lymphoma in dogs produce mediastinal masses that are indistinguishable on thoracic radiographs. New York State Veterinary Conference, Ithaca, NY, October 6, 2017.
2. Epperly E, Hume KR, Moirano S, Stokol T, Intile J, Erb HN, Scrivani PV. Acute myeloid leukemia and lymphoma in dogs produce mediastinal masses that are indistinguishable on thoracic radiographs. American College of Veterinary Radiology Conference, Phoenix, AZ, October 20, 2017.

PRESENTATIONS – CONTINUING EDUCATION

Radiology Interpretation Sessions, Southern Tier Veterinary Medical Association (monthly 1 hr session, 2019)

Large Animal Imaging: How to get the most out of your radiographs, Moms with a DVM CE Cruise (1 hr lecture, 2019)

Radiology Rounds – Cased-based CE, Colorado Springs Veterinary Medical Association (2 hr lecture, 2019)

How to Make Your Radiologist Your Buddy and Partner; How to get the most out of your radiographs, ASPCA® Cornell Maddie's® Shelter Medicine Conference (2 x 1 hr lectures, 2019)

Feline Abdominal Ultrasound for Every Practitioner; Fred Scott Symposium, Cornell University (2 hr interactive session x 2, 2019)

Small Animal Abdominal Ultrasound; AVMA Annual Conference (8 hr lab, 2019)

PRESENTATIONS – STUDENT ORGANIZATIONS

Radiology Rounds, Radiology Club, Cornell University (bimonthly case presentations, 2017-current)

Real World Imaging, Radiology Club, Cornell University (1 hr lecture, 2017)

Equine Tendon Ultrasound, Large Animal Symposium, Cornell University (2 hr laboratory, 2016)

Review Course for Senior Students (NAVLE Board Exam Review)

Small Animal Radiology (1.5 hr lecture, 2015, 2016)

PRESENTATIONS – LAY AUDIENCES

Diagnostic imaging: or how we see what's going on inside without cutting them open - John Bowne High School Program (1 hr lecture/lab; 2016, 2017)

Colic: What we know and tips to minimize your horse's risk– Horseman's Day, Rocky Ford, CO 2012 (1 hr lecture)

TEACHING

Foundation Courses

VTMED 5520 (Diagnostic Imaging)

Course leader, 100 students

Lectures (5, 2.3 hr, 2019)

Laboratory sessions (5, 2 hr, 2019)

VTMED 5510 (Animal Health and Disease)

Introduction to Abdominal Imaging (2 hr lecture, 2018)

VTMED 5520 (Diagnostic Imaging)

Urogenital Imaging (1 hr lecture, 2018)

VTMED 5701 (Veterinary Practice: Physical Exam)

Laboratory sessions (2, 4 hr laboratory, 2017)

VTMED 5510 (Animal Health and Disease)

Laboratory sessions (8, 2 hr, 2016)

VTMED 5220

Neuroimaging (3 hr laboratory, 2016)

VTMED 5100 (The Animal Body)

Laboratory sessions (10, 2 hr; 2015)

Distribution Courses

VTMED 6598

Small Animal Abdominal Imaging (47 students, 40 hr lecture/lab, 2019)

VTMED 6502

Urogenital Imaging (1 hr lecture, 2017)

House Officer Seminars

Intern Rounds – Resiliency (1 hr lecture, 2019)

Resident Wellbeing Retreat Facilitator – (1 day event 3x per year, 2018-current)

Intern Rounds – Emergency Radiographic Interpretation (1 hr lecture, 2018)

Neuroimaging Rounds – Vestibular Disease (1 hr lecture, 2017)

Neuroimaging Rounds – MRI Physics (1 hr lecture, 2017)

Senior Seminar Advisor

Emily Hanna, 2019 - Horner Syndrome in a Boxer Puppy with an Esophageal Foreign Body

Jenn Goldreich, 2019 – Initial Diagnostics and Assessment of Polytrauma in a 3-year-old cat

Emma LaVigne, 2019 – Sliding Hiatal Hernia in a 3-year-old Akita

Cynthia Willems, 2018 – Pneumoperitoneum in a 2-year-old Mastiff

Alex Halasz, 2018 – Thyroidectomy in a 13-year-old Domestic Shorthair Cat

Barbara Korten, 2018 – Urinary Calculi and a Urethral Tear in a 1 year old Male Castrated Ferret

Kristyn Kuppek, 2017 - Lung Lobe Torsion in a Dog

COMMITTEE ASSIGNMENTS

CUHA

Clinical Education Task Force member 2019-current

DCS Teaching and Clinical Service Committee 2019-current

Faculty Resident Advisor 2019-current

Radiology Club Advisor 2018-current

Chief Resident Committee 2017-2018

VMLRP (Veterinary Medical Loan Repayment Program)

Member of competitive peer review panel for award recipients, 2016

PROFESSIONAL ORGANIZATIONS

New York State Veterinary Medical Society

Southern Tier Executive Board Representative 2020-2021

Cornell University College of Veterinary Medicine Liaison 2019-2020

Membership Committee 2019-current

Colorado Veterinary Medical Association

District 8 Representative 2007-2011

Professional Development Committee 2007-2011

Secretary-Treasurer Elect 2011-2012

Power of Ten Leadership Academy Facilitator 2012-2014

Secretary-Treasurer 2012-2013

President-Elect 2013-2014

President 2014-2015

COMMUNITY

Southside Healthy Pet Clinics, Ithaca, NY

Supervising Clinician 2015-2019

Arkansas Valley Spay Neuter Alliance (Colorado)

Treasurer 2011-2015

Animal Assistance Foundation (Colorado)

Board member 2013-2015
